

# ROUSHAM TACKLES THE YENWORTHY ZIP WIRE!

On Wednesday the 28th February we had a fantastic time on the zip wire. Firstly you had to put on your harness, it was quite difficult but lucky we had help by our instructors Shaun and Emily. They were very helpful and very kind and caring. The wait was so long but they kept us laughing and having fun even though we were standing in -5 weather conditions. When we got up on the platform there were butterflies in my tummy with nerves as all I could see was a long and high rope leading across a frozen pond. After the person before you had had their go they had to pull up the rope which had the zip wire seat attached to it (it was not that heavy). After that woosh, off you go! Erin loved the zip wire especially the part where she went over the frozen pond (she fell off! oops)
