While not needed by us, this is a great idea and something which lots of people have wished we had a long time ago.

We don't need it on Friday, but the form required a response!

I think it's a fabulous idea and I would definitely use it 5 days a week if offered

The Tackley train to Oxford departs at 7.45 am. To make breakfast club useful the club needs to open at 7.30

We probably wouldn't use it at the moment but would make use of it if it was an option to use on the odd day occasionally. I previously had to start work late so I could drop the boys off at school or nursery so would definitely have used it had it been available then.

After school club please as well!

An after school club (could be provided by an external company) would also be hugely beneficial to working parents, especially those who do not have close family nearby to assist with pickups.

It'd be good if it was able to be used flexibly for parents to use

I believe this is a necessity for our small school in order for it to appear more appealing to neighbouring villages.
