

Dear Parents

What a year! I just wanted to take this opportunity to say a huge thank you to everyone in our school community for all of their hard work this year. Everyone has sacrificed something during these unusual times. Our staff have reinvented themselves and worked in ways that none of us ever imagined even 6 months ago. They have all balanced teaching and online learning alongside their own families.

Parents you have also reinvented yourselves as teachers, you have been jugglers of home learning whilst maintaining jobs and family life too. I know it had its successes - we saw the quality and hard work being sent in, we know it may also have had its low points (the children told us!!)

We are incredibly grateful for the support you have shown the school community and how everyone has adapted so skilfully to a different way of life and learning. We are all better together. I have felt immensely proud of our school community throughout this time and how we have managed the challenge.

We look forward to September with positivity and renewed enthusiasm and hope that you all have a well deserved restful Summer.

Best wishes.

Mrs L Murrey
